Special Equine Services: For horses in any of the pens, feeding will be charged as a special service (requiring you to fill out a Special Services form), given that these horses must be taken out of the pen to be fed.

If you are paying a set fee (such as \$40/month for blanketing), please include this with your monthly boarding fee(s) payable to MMHEC. Our accountant Holly will include any set fees on your monthly invoice. If you are paying for special services on a per-time basis, then these will be tallied at the end of each month and will appear on the next month's invoice.
